**A. P. ABBOTT & CO. A. P. ABBOTT & CO. A. P. ABBOTT & CO.****The Daylight Store****STEAM DUPLEX SPONGER.**

Increased sales of Dress Goods has made it possible for us to install in our store the latest and most improved sponging apparatus. It has the popularity of being the only Sponger that will refinish the goods at time of sponging. It's an expensive machine and so constructed as to do work as it should.

**DUPLEX STEAM SPONGER.**

All Dress Goods should be sponged whether half cotton or all wool. Velvets will not spot if put through this process. Furs can be refinished and made to look like new. It's one of the inventions of the age.

Dressmakers will welcome this new process of sponging, as poor hanging skirts are often due to half sponging rather than to any neglect or mistake of Dressmaking. It's impossible to do a good sponging job in the old way.

**THE TOUCH THAT TELLS****DUPLEX STEAM SPONGING**

If you have ever had sponged a piece of broadcloth you know that it looked more like flannel after sponging than two dollar broadcloth. This process sponges broadcloth and turns it over to you with its original finish, and we warrant it not to spot.

Silks and velvets and even thin silk muslins can be sponged and refinished; no goods too delicate either in texture or color. Goods mused up and decidedly out of shape if in the web can be made to look new again.

Sponging and Refinishing done by the Spotless Steam Sponger at 5c Per Yard.

A. J. BALDWIN.

**Why Our Sausage IS BEST**

Everybody knows that our Sausage is the Green Mountain Brand. Everybody knows, too, that the Green Mountain Brand is the best Sausage to be had. Why is this the case? Well, we will tell you. In the first place, we use nice pieces of pork in its manufacture. Secondly, we make it in a clean place and the men who work in our Sausage factory are clean. In the third place, and chiefly, we know how to make it.
